

SAFETY DATA SHEET

1. Identification

Product Identifier	Master Wholesale M-Bond
Other means of identification	None
Recommended use:	Bonding primer for use in flooring applications
Recommended restrictions	Skin and eye protection is recommended when using this product.

Manufacturer/Importer/Supplier/Distributor information

Company Name	Master Wholesale, Inc.
Company Address	520 S. Front St. Seattle, WA 98229
Telephone	(206) 767-6771
Contact person	Blake Adsero
Website	www.masterwholesale.com
Emergency phone number	Contact Master Wholesale (800) 938-7925 7 days a week

2. Hazard(s) identification

Physical hazards	Not classified
OSHA defined hazards	Not classified as hazardous according to OSHA Hazard Communication Standard (29 CFR 1910 1200)
Hazards not otherwise classified	None known.

3. Composition/information on ingredients

Chemical characterization: Water-borne polymer emulsion

Components:	Ethylene-Vinyl Acetate Co-Polymer	54-57%
	Water	43-46%

Mixtures	There are no hazardous components as defined by OSHA 29 CFR 1910 1200.
-----------------	--

4. First-aid measures

Inhalation	Move victim to a location with fresh air. Call a physician if symptoms develop or persist.
Skin contact	Wash with soap and water. Seek medical attention if skin rash occurs.
Eye contact	Rinse eyes immediately with plenty of clean water, also under the eyelids. Call a physician immediately.

Ingestion	Rinse mouth with water. Seek medical advice immediately and show this Safety Data Sheet.
Specific symptoms of concern	Hypersensitive individuals may develop allergenic dermatitis if product comes in contact with bare skin.

5. Fire-fighting measures

This is a water-based product and presents no particular fire or explosion hazard. As a liquid it will not burn, it will only burn after dry.

Suitable extinguishing media	Dry chemical, alcohol resistant foam, carbon dioxide (CO ²)
Unsuitable extinguishing media	None known.
Specific Hazards	Do not inhale combustion gasses. Burning produces heavy smoke.

6. Accidental release measures

Personnel precautions	Spilled areas will be slippery. Avoid contact with skin and eyes. Move to a place of safety away from odors.
Protective equipment	Personnel involved in containment and clean up should wear appropriate protective equipment for skin, eyes, and clothing.
Methods for containment	Use a suitable material for containment of spills such as sawdust or sand. Shovel into suitable containers with lids. Dispose of in accordance with local regulations.
Environmental precautions	Do not flush into surface water or sewer systems

7. Handling and storage

Precautions for safe handling	Open containers in ventilated areas. Do not inhale vapors. Wear eye protection. Protect skin from contact.
Storage instructions	Store in a cool, dry location in closed container, out of direct sunlight. Protect from freezing.
Incompatible materials	N/A

8. Exposure controls/personal protection

OSHA exposure limits: No exposure limits established

ACGIH exposure limits: No exposure limits established

Individual protection measures:

General advice:	Avoid contact with skin and eyes.
Eye protection	Safety glasses with side shields are recommended.
Skin and hand protection	Impervious clothing and waterproof gloves are recommended.
Respiratory protection	None required unless working in areas with poor ventilation. Provide adequate ventilation.
Safety equipment:	A safety shower and eyebath should be readily available.

9. Physical and chemical properties

Appearance & Odor	White liquid with acrylate odor
Odor threshold	N/A
Upper/lower explosive limits	N/A
Boiling Point	100°C (212° F)
Specific Gravity (H2O=1)	.98-1.04
pH	4.5
Relative Density	N/A
Melting/Freezing Point	0° C (32° F)
Flash Point	N/A
Flammability	N/A
Partition Coefficient	N/A
Decomposition temperature	N/A
Viscosity	2300 cPs
Vapor Pressure (mm Hg.)	N/A
Vapor Density (AIR=1)	N/A
Evaporation Rate (Butyl Acetate=1)	N/A
Solubility in water	Emulsion

10. Stability and reactivity

Reactivity	Stable under normal conditions
Chemical stability	Stable under normal conditions
Conditions to avoid	Do not freeze
Incompatibility (Materials to avoid)	None known
Hazardous decomposition or byproducts	None known

11. Toxicology information

Toxicological data are not available. Observe normal hygienic measures for handling chemicals.

Route(s) of Exposure:	Skin, eyes, ingestion, inhalation
Immediate effects:	Skin: prolonged or repeated exposure may cause skin irritation Eyes: may cause eye irritation Ingestion: may cause gastrointestinal irritation Inhalation: odor may cause irritation

12. Other information

Ecological information
Ecotoxicological data are not available, however, based on experience, material has no harmful effect on the environment. Take standard precautions to avoid excessive environmental contamination.
